It is with much appreciation that Jerry & I write to say “thank you” for the tremendous service while on our house hunting trip to Victoria...Your expertise and forthrightness assisted us in making our first real estate transaction in 20 years...Outstanding in our minds was your ability to provide clear and concise knowledge of the market...while keeping our financial circumstances in mind...It is perhaps the first time we have not felt coerced when making a major dollar commitment...in conjunction with this we would like to comment on your ability to provide us with resource contacts necessary to complete this transaction within a few days...Honesty and integrity are expected but not always conveyed when dealing with a professional Realtor...We felt you were our best find in Victoria...It would be our pleasure to recommend your service highly so feel free to call on us in this regard.

*Dr. Gerald & Mrs. Buzzell, St. Albert, AB*
